play

Presenting the 1999-2000 Kirkpatrick Middle School Yearbook Staff

Josh Priest, Eduardo Arcos, Carol Cerda, Heather Hernandez, Linda Martinez,
Juan Arreguin

Throughout the entire school year these students spent several hours each week to produce the yearbook. Through designing, planning, learning state-of-the-art software, selling, redesigning, money collecting, record keeping, proof reading, cropping, layout, and on and on, these students demonstrated tenacity, willingness, intelligence, caring, optimism and a cheerful outlook. No one will know how much work goes into producing a yearbook unless they do it and these kids did %99.99 of it all on their own. We can be very proud of each one of them.

This goes out to everyone who knows me.
I'll never forget all of you. To all my
friends in the 8th grade I am going to miss
all of ya'll and I love you all so very much
From: The One and Only Carol Nicole
"Nikki" Cerda P.S. Take Care

I would like to say to the whole 8th grade
that I congratulate you for passing this long
and exhausting year at Kirkpatrick Middle,
but luckily for us we are going to a new
school next year. We will meet new people
and get on with our lives, but we will never
forget those special people and thosespecial
times that we had here at Kirkpatrick. So
good luck in High School.

- Heather Hernandez
