

Mr. Mendoza

We would like to thank Mr.Mendoza for all he has done for the whole school, and most of all putting up with us (8th graders). It was a hard year to get through but you were there alongside us the whole way. Thank you very much.

Administration

< Thank you, Mrs. Williams, for counseling us about our problems even though it is your first year.

< Mrs. Suarez, thank you for supporting us at our games and for putting up with the few “bad apples”, we will miss you when we leave for this school.

< You have started a new beginning at this school and we hope that it will continue to be a pleasant one.
